

Chapel Nuptials

For a smaller, more intimate ceremony, the Chapel (built in 1864) is often the venue of choice. With seating for about 80, its colorful stained glass windows and circular image of Jesus praying are beautiful and reminiscent of days gone by.

The Chapel also has a sound system, piano, and organ to support any musical needs.

Above the view looking back from the altar area. To the right, a closer view of the altar and podium.
